

***Unit Time Capsule Project***

***Cavalcade of Memories***

---

*Commit to making memories this year any way you know how. The easiest way to document the passage of a significant year for your Auxiliary Unit is to build a keepsake time capsule. Creating your own time capsule doesn't have to be difficult, time-consuming, or expensive (and you shouldn't even feel hard-pressed to bury it in your Legion Club's backyard). Use your time capsule to document history, personal accomplishments and small details of memories that will otherwise certainly fade with time.*

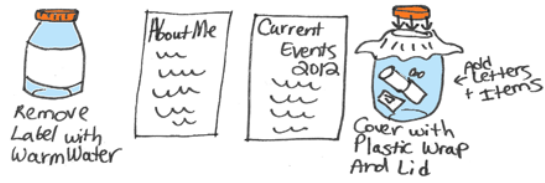

**Suggested materials for a time capsule:**

1. An airtight plastic box.
2. Old thermoses, school lunch containers, or even that dented metal water bottle that you no longer carry around; coffee cans, chip cans, cookie tins, etc..
3. Wooden boxes, for shelf or closet storage

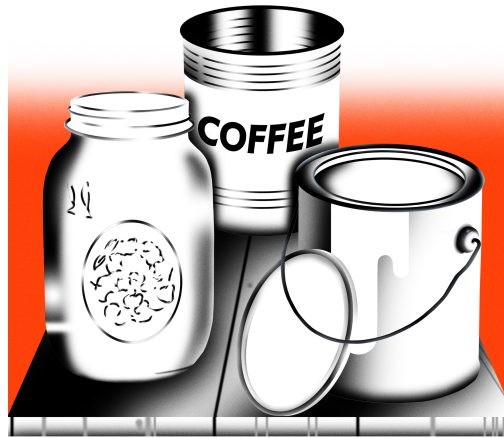

**Things to Consider Adding to Your Time Capsule:**

- Mementos from an event, such as Veteran's Day and fundraisers
- History of your Unit
- A photo of your Auxiliary Unit
- Newspaper
- A detailed outline of your best homemade soup recipe
- List of Auxiliary Unit Members
- Poppies
- Auxiliary items, such as jewelry, pins, pens, name tags
- Something representing your town or community
- Get creative and have items that represent your Unit!

***Bring your completed Unit Time Capsule to the Midyear Department Conference in January 2022 for displaying for all to see at the Cavalcade of Memories Table!  
Prizes will be awarded!***
